September 2018

Dear Families:

Welcome back to another exciting school year! We are writing to share some information about our first day, as it will look a little different than in past years. We are encouraging parents to drop off students in the gym no earlier than 11:00 am (bus students will be guided to the gym when school opens at 11:00). Students will be placed in 2018-2019 grade rows (identified by cards on the wall), with French Immersion on one side and English on the other. Kindergarteners, as you know, will be following our gradual entry schedule (sent to Kindergarten parents by mail) and will not attend classes on this day. Teachers will welcome students and lead them to their classrooms. Parents, we ask that you please vacate the gym after dropping off your child, due to size constraints and fire code, as well as the need for us to get our students to their classes as efficiently as possible.

Please note that the class your child attends on Tuesday may not be their permanent class/teacher. This is due to increased enrollment and the possible need to reorganize our classes. Additionally, classes are not finalized by the superintendent until the end of September. Thank you for your understanding and we look forward to a new year of success, celebration and fun.

Jacqueline Dunn, Principal
